Statement by Belgium, Denmark, France, Latvia and Spain

Belgium, Denmark, France, Latvia and Spain consider that the mechanism proposed for the updating of ranges of FMSY is a new tool that could represent a real improvement in the managing of the multi-annual plan and its flexibility. Nevertheless, this new tool also raised some concerns regarding the respect of institutional prerogative of each institution. In this regard, Belgium, Denmark, France and Latvia ask for an annual interim-evaluation in the Council each first quarter of the year to assess whether this tool attains those objectives and whether intermediary solutions should be looked for.
