COMMISSION OF THE EUROPEAN COMMUNITIES

COM(83) 247 final

Brussels, 4 May 1983

Proposal for a
COUNCIL DECISION

approving amendments to the Statutes of the
Joint European Torus (JET), Joint Undertaking

(submitted to the Council by the Commission)

COM 247

EXPLANATORY MEMORANDUM

1. Following its accession to the European Communities, Greece requested accession to the JET Joint Undertaking in January 1982. In accordance with Article 18 of the JET Statutes Greece addressed its request for accession to the Director of the JET Project who transmitted it to the JET Council. At its meeting on 25/26 March 1982 the JET Council authorized the Joint Undertaking to negotiate the conditions of accession with Greece. After having successfully completed these negotiations the Director of the Project submitted the amendments to the Statutes required for the implementation of Greece's accession to the JET Council which approved them unanimously at its meeting on 21/22 October 1982. On that occasion the JET Council also took into account certain changes concerning one of the Italian Members and the Swedish Member of the Joint Undertaking, which had taken place since the last amendments to the Statutes.

2. The amendments refer to the following articles of the JET Statutes :
 - a) Greece will be inserted in Article 3.1 which designates the Members of the Joint Undertaking. In addition, on 6 April 1982 the name of Comitato Nazionale per l'Energia Nucleare (CNEN) was changed to Comitato Nazionale per la Ricerca e per lo Sviluppo dell'Energia Nucleare e delle Energie Alternative (ENEA), and in Sweden, the Swedish Energy Research Commission replaced the National Swedish Board for Energy Source Development on 1 July 1982.

 - b) Article 4.1 stipulates the composition of, and the voting rights in the JET Council. As for all Members of the Joint Undertaking, Greece will have two representatives. Since Greece has no contract of association with Euratom in the field of thermonuclear fusion these two representatives together will dispose of one vote. This will bring the total number of votes in the JET Council from 37 to 38. The number of votes required for the adoption of acts, stipulated in Article 4.1.2 at 26, remains unchanged.

3. Pursuant to Article 50 of the Euratom Treaty, these amendments require the approval of the Council. A proposal for a Council decision approving the amendment to the JET Statutes is set out in Chapter II of this communication .
