

EUROPEAN  
COMMISSION

Brussels, 11.7.2023  
COM(2023) 417 final

2023/0267 (NLE)

Proposal for a

**COUNCIL DECISION**

**on the position to be taken on behalf of the European Union in the South Pacific  
Regional Fisheries Management Organisation and repealing Decision (EU) 2019/859**

## **EXPLANATORY MEMORANDUM**

### **1. SUBJECT MATTER OF THE PROPOSAL**

This proposal concerns a Decision establishing the position to be taken on the behalf of the European Union at meetings of the South Pacific Regional Fisheries Management Organisation (SPRFMO) for the period 2024-2028 in connection with the envisaged adoption of conservation and management measures.

### **2. CONTEXT OF THE PROPOSAL**

#### **2.1. Convention on the Conservation and Management of High Seas Fishery Resources in the South Pacific Ocean**

The Convention on the Conservation and Management of High Seas Fishery Resources in the South Pacific Ocean (SPRFMO Convention) aims, by establishing the SPRFMO, to ensure the long-term conservation and sustainable use of fishery resources in the area covered by the Convention. The Convention entered into force on 24 August 2012.

The EU is a party to the SPRFMO, having ratified the Convention under Council Decision 2012/130/EU<sup>1</sup>.

#### **2.2. SPRFMO Commission**

The SPRFMO Commission is the body established by the SPRFMO Convention to be responsible for managing and conserving fishery resources in the Convention area. It adopts conservation and management measures to ensure the long-term conservation and sustainable use of the fishery resources for which it is responsible.

As a member of the SPRFMO Commission, the EU is entitled to participate in, and vote on, its decisions. The SPRFMO Commission usually takes its decisions by consensus. However, it may take decisions by a three-quarters majority of its members, except where the SPRFMO Convention expressly provides for consensus.

#### **2.3. SPRFMO Commission decisions**

The SPRFMO Commission has the authority to adopt conservation and enforcement measures for the fisheries for which it is responsible, which are binding on the contracting parties.

In accordance with Article 17(1) of the SPRFMO Convention, the measures enter into force 90 days after the date on which the contracting parties are notified of them by the SPRFMO. If any member of the SPRFMO Commission presents an objection to a decision within 60 days of being notified, the decision will not become binding on that member to the extent of the objection. If an objection is presented, a review panel is established within 30 days of the end of the objection period to decide on the objection.

### **3. POSITION TO BE TAKEN ON THE EU'S BEHALF**

The position to be adopted on behalf of the EU at the annual meetings of regional fisheries management organisations (RFMOs) is currently established according to a two-tier approach. A Council Decision sets out the guiding principles of the EU's position on a multiannual basis

---

<sup>1</sup> Council Decision 2012/130/EU of 3 October 2011 on the approval, on behalf of the European Union, of the Convention on the Conservation and Management of High Seas Fishery Resources in the South Pacific Ocean (OJ L 67, 6.3.2012, p. 1).

and it is subsequently adjusted for each annual meeting by Commission services non-papers to be endorsed by the Council.

For the SPRFMO, this approach is implemented by Council Decision (EU) 2019/859 of 14 May 2019, which sets out the EU's position in the SPRFMO for the period 2020-2024. The Decision contains general principles and orientations, but also takes into account as far as possible the specific features of the SPRFMO. In addition, it sets out the standard process for establishing the EU's position year by year, as requested by Member States.

Council Decision (EU) 2019/859 incorporated the principles of the new common fisheries policy, as laid down in Regulation (EU) No 1380/2013 of the European Parliament and of the Council<sup>2</sup>, also taking into account the objectives set out in the Commission Communication on the external dimension of the common fisheries policy<sup>3</sup>. Moreover, it adjusted the EU's position to the Treaty of Lisbon.

Council Decision (EU) 2019/859 does not provide for an assessment, and where appropriate, a revision of the EU's position within the SPRFMO before the 2025 annual meeting. However, the vast majority of Council Decisions concerning the EU's position in the various RFMOs to which it is a contracting party are due for review before the 2024 annual meetings of those RFMOs. Therefore, to promote consistency among the EU's positions in all RFMOs and to synchronise the timing for the revision procedures, it is appropriate to bring forward the revision of the EU's position in the SPRFMO for the period 2024-2028 and thereby replace Council Decision (EU) 2019/859.

The current proposal takes into consideration, in relation to fishing, the European Green Deal, notably Biodiversity<sup>4</sup>, Climate Adaptation<sup>5</sup> and Farm to Fork Strategies<sup>6</sup>. It also takes into account the Plastics Strategy<sup>7</sup> and the Zero pollution Action Plan<sup>8</sup>. Furthermore, it also takes into consideration, the International Ocean Governance Joint Communication<sup>9</sup>.

---

<sup>2</sup> Regulation (EU) No 1380/2013 of the European Parliament and of the Council on the Common Fisheries Policy, amending Council Regulations (EC) No 1954/2003 and (EC) No 1224/2009 and repealing Council Regulations (EC) No 2371/2002 and (EC) No 639/2004 and Council Decision 2004/585/EC (OJ L 354, 28.12.2013, p. 22).

## **4. LEGAL BASIS**

### **4.1. Procedural legal basis**

#### *4.1.1. Principles*

Article 218(9) of the Treaty on the Functioning of the European Union (TFEU) provides for decisions establishing ‘the positions to be adopted on the EU’s behalf in a body set up by an agreement, when that body is called upon to adopt acts having legal effects, with the exception of acts supplementing or amending the institutional framework of the agreement’.

‘Acts having legal effects’ include acts that have legal effects by virtue of the rules of international law governing the body in question, and instruments that do not have a binding effect under international law, but are ‘capable of decisively influencing the content of the legislation adopted by the EU legislature’<sup>10</sup>.

#### *4.1.2. Application to the present case*

The SPRFMO Commission is a body set up by an agreement, namely the SPRFMO Convention.

The acts that the SPRFMO Commission is called on to adopt constitute acts having legal effects. The envisaged acts are to be binding under international law in accordance with Article 17 of the SPRFMO Convention and are capable of decisively influencing the content of EU legislation, including:

Council Regulation (EC) No 1005/2008 establishing a Community system to prevent, deter and eliminate illegal, unreported and unregulated fishing<sup>11</sup>;

Council Regulation (EC) No 1224/2009 establishing a Community control system for ensuring compliance with the rules of the common fisheries policy<sup>12</sup>; and

Regulation (EU) 2017/2403 of the European Parliament and of the Council of 12 December 2017 on the sustainable management of external fishing fleets<sup>13</sup>.

The envisaged acts do not supplement or amend the institutional framework of the SPRFMO Convention.

Therefore, the procedural legal basis for the proposed Decision is Article 218(9) TFEU.

### **4.2. Substantive legal basis**

#### *4.2.1. Principles*

The substantive legal basis for a Decision under Article 218(9) TFEU depends primarily on the objective and content of the envisaged act in respect of which a position is taken on the EU’s behalf. If that act pursues two aims or has two components, and if one of those aims or components is identifiable as the main one, whereas the other is merely incidental, the Decision under Article 218(9) TFEU must be founded on a single substantive legal basis, namely that required by the main or predominant aim or component.

#### *4.2.2. Application to the present case*

The main objective and content of the envisaged act relate to fisheries. The legal basis setting out the principles to be reflected in this position is Regulation (EU) No 1380/2013.

---

<sup>10</sup> Judgment of the Court of Justice of 7 October 2014, *Germany v Council*, C-399/12, ECLI:EU:C:2014:2258, paragraphs 61 to 64.

<sup>11</sup> OJ L 286, 29.10.2008, p. 1.

<sup>12</sup> OJ L 343, 22.12.2009, p. 1.

<sup>13</sup> OJ L 347, 28.12.2017, p. 81.

Therefore, the substantive legal basis of the proposed Decision is Article 43(2) TFEU. The Decision will replace Council Decision (EU) 2019/859.

#### **4.3. Conclusion**

The legal basis of the proposed Decision should be Article 43(2) TFEU, in conjunction with Article 218(9) TFEU.

Proposal for a

## **COUNCIL DECISION**

### **on the position to be taken on behalf of the European Union in the South Pacific Regional Fisheries Management Organisation and repealing Decision (EU) 2019/859**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 43(2), in conjunction with Article 218(9) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) By Council Decision 2012/130/EU<sup>1</sup>, the Union concluded the Convention on the Conservation and Management of High Seas Fishery Resources in the South Pacific Ocean ('SPRFMO Convention'), which established the SPRFMO Commission.
- (2) The SPRFMO Commission adopts conservation and management measures to achieve the objectives of the SPRFMO Convention. Such measures may become binding upon the Union.
- (3) Regulation (EU) No 1380/2013 of the European Parliament and of the Council<sup>2</sup> provides that the Union is to ensure that fishing and aquaculture activities are environmentally sustainable in the long-term and are managed in a way that is consistent with the objectives of achieving economic, social and employment benefits, and of contributing to the availability of food supplies. It also provides that the Union is to apply the precautionary approach to fisheries management and is to aim to ensure that exploitation of living marine biological resources restores and maintains the population of harvested species above levels, which can produce the maximum sustainable yield. It further provides that the Union is to take management and conservation measures based on best available scientific advice, to support the development of scientific knowledge and advice, to gradually eliminate discards and to promote fishing methods that contribute to more selective fishing and the avoidance and reduction, as far as possible, of unwanted catches, to fishing with low impact on marine ecosystem and fishery resources. Besides, Regulation (EU) No 1380/2013 specifically provides that those objectives and principles are to be applied by the Union in the conduct of its external fisheries relations.

---

<sup>1</sup> Council Decision 2012/130/EU of 3 October 2011 on the approval, on behalf of the European Union, of the Convention on the Conservation and Management of High Seas Fishery Resources in the South Pacific Ocean (OJ L 67, 6.3.2012, p. 1).

<sup>2</sup> Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy, amending Council Regulations (EC) No 1954/2003 and (EC) No 1224/2009 and repealing Council Regulations (EC) No 2371/2002 and (EC) No 639/2004 and Council Decision 2004/585/EC (OJ L 354, 28.12.2013, p. 22).

- (4) In line with the Biodiversity<sup>3</sup>, Climate Adaptation<sup>4</sup> and Farm to Fork Strategies<sup>5</sup>, it is essential to protect nature and reverse the degradation of ecosystems. The risks stemming from climate change and loss of biodiversity must not jeopardise the availability of the goods and services that healthy marine ecosystems provide to fishers, coastal communities and humanity at large.
- (5) The Plastics Strategy<sup>6</sup> refers to specific measures to reduce plastics and marine pollution as well as the loss or abandonment at sea of fishing gear. Furthermore, the Zero pollution Action Plan<sup>7</sup> aims at reducing by 50% plastic litter at sea and by 30% micro-plastics released into the environment.
- (6) Under the International Ocean Governance Joint Communication<sup>8</sup>, marine biodiversity protection and conservation are key priorities under the EU's external action. The EU is the most prominent actor in Regional Fisheries Management Organisations (RFMOs) and fisheries bodies worldwide. There, the EU promotes the sustainability of fish stocks, promotes transparent decision-making based on sound scientific advice, enhances scientific research, and strengthens compliance.
- (7) Currently the position to be taken on the Union's behalf in the meetings of the SPRFMO is established by Council Decision (EU) 2019/859<sup>9</sup>. It is appropriate to repeal that Decision, and establish a new Decision for the period 2024-2028.
- (8) It is appropriate to establish the position to be taken on the Union's behalf in the SPRFMO Commission for the period 2024-2028, as the SPRFMO conservation and enforcement measures may be binding on the Union and capable of decisively influencing the content of Union law, namely, Council Regulation (EC) No 1005/2008<sup>10</sup>; Council Regulation (EC) No 1224/2009<sup>11</sup>; and Regulation (EU) 2017/2403 of the European Parliament and of the Council<sup>12</sup>.

<sup>9</sup> Council Decision (EU) 2019/859 of 14 May 2019 on the position to be taken on behalf of the European Union in the South Pacific Regional Fisheries Management Organisation (SPRFMO), and repealing the Decision of 12 June 2017 establishing the position to be adopted, on behalf of the Union, in the SPRFMO (OJ L 140, 28.5.2019, p.27).

<sup>10</sup> Council Regulation (EC) No 1005/2008 of 29 September 2008 establishing a Community system to prevent, deter and eliminate illegal, unreported and unregulated fishing, amending Regulations (EEC) No 2847/93, (EC) No 1936/2001 and (EC) No 601/2004 and repealing Regulations (EC) No 1093/94 and (EC) No 1447/1999 (OJ L 286, 29.10.2008, p. 1).

<sup>11</sup> Council Regulation (EC) No 1224/2009 of 20 November 2009 establishing a Union control system for ensuring compliance with the rules of the common fisheries policy, amending Regulations (EC)

- (9) In view of the evolving nature of fishery resources in the SPRFMO Convention area and the consequent need for the Union's position to take account of new developments, including new scientific and other relevant information presented before or during the meetings of the SPRFMO Commission, procedures should be established for the year-to-year specification of the Union's position for the period 2024-2028. Those positions should be in line with the principle of sincere cooperation among the Union institutions enshrined in Article 13(2) of the Treaty on the European Union.

HAS ADOPTED THIS DECISION:

*Article 1*

The position to be taken on the Union's behalf in the meetings of the South Pacific Regional Fisheries Management Organisation (SPRFMO) Commission is set out in Annex I of this Decision.

*Article 2*

The year-to-year specification of the Union's position to be taken in the meetings of the SPRFMO Commission shall be conducted in accordance with Annex II.

*Article 3*

The Union's position set out in Annex I shall be assessed and, where appropriate, revised by the Council upon a proposal from the Commission, at the latest for the annual meeting of the SPRFMO Commission in 2029.

*Article 4*

Decision (EU) 2019/859 is repealed.

*Article 5*

This Decision is addressed to the Commission.

Done at Brussels,

*For the Council*  
*The President*
