### **Technical assistance to be funded and breakdown of its estimated costs**

1. The contribution will be used for expenditure mentioned in Article 11(1) and (4) as well as Article 12(2), (3) and (4) of the EGF Regulation, as detailed hereunder. It will be managed by the European Commission under direct management.

<b>Total estimated expenditure</b>	<b>170 000</b>

2. Administrative expenditure:

- Information activities: the EGF's online presence<sup>2</sup>, which the Commission has set up within its Employment, Social Affairs and Inclusion area, and which it is maintaining as required under Article 12(2) of the EGF Regulation, will be regularly updated and expanded, with each new element being translated into all EU languages. General awareness of the EGF will be increased and its visibility promoted. 3. Technical expenditure:

- Maintenance and update of an electronic data exchange system. The Commission is continuing its work on standardised procedures for EGF applications and management, using the functionalities of the Shared Fund Management Common System (SFC). This allows applications under the EGF Regulation to be simplified, their processing sped up and various reports more easily extracted. The SFC interface is also facilitating the EGF financial operations. This includes in particular:
  - Maintenance of the SFC 2014 for the closure of cases for the EGF 2014-2020.
  - Further development and maintenance of the SFC 2021 for the EGF 2021-2027, and its synchronization with SUMMA, the new corporate accounting, finance, and budgeting system of the European Union.
- Monitoring and data gathering: the Commission will collect data on applications received, paid and wound up, and measures proposed and implemented. This data will be made available on the web site and compiled in appropriate form for future biennial reports.

## **Financing**

4. The maximum annual budget available for the EGF in 2025 is EUR 30 million in 2018 prices (EUR 34 460 570 in 2025 prices), as set out in Article 8 of Council Regulation (EU, Euratom) 2020/2093 of 17 December 2020 laying down the multiannual financial framework for the years 2021 to 2027<sup>3</sup> amended by Council Regulation (EU, Euratom) 2024/765<sup>4</sup> and Article 16 of Regulation (EU) 2021/691.
5. Article 11(1) of the EGF Regulation states that 0,5 % of this amount can be made available for technical assistance at the initiative of the Commission. Currently, the entire amount for 2025 remains available; nothing has yet been allocated to technical assistance. The proposed amount corresponds to 0,49 % of the maximum annual budget available for the EGF in 2025.

The proposed decision to mobilise the EGF will be taken jointly by the European Parliament and the Council, as laid down in Article 15(1), first subparagraph, of the EGF Regulation and in point 9 of the Interinstitutional Agreement of 16 December 2020 between the European Parliament, the Council of the European Union and the European Commission on budgetary discipline, on cooperation in
