Consultations between the Parties shall take place within the Interim Committee concerning the Agreements described in paragraphs 1 and 2 of this Article and, where requested, on other major issues related to their respective trade policies towards third countries.  - (b) serious disturbances in any sector of the economy or difficulties which could bring about serious deterioration in the economic situation of a region of the importing Party,

The importing Party may take appropriate bilateral safeguard measures under the conditions and in accordance with the procedures laid down in this Article.

3. Bilateral safeguard measures directed at imports from the other Party shall not exceed what is strictly necessary to remedy the problems, as defined in paragraph 2, which have arisen as a result of application of this Agreement. The safeguard measure adopted should consist of a suspension in the increase or in the reduction of the margins of preferences provided for under this Agreement for the product concerned up to a maximum limit corresponding to the basic duty referred to in Article 3 paragraph 4 (a) and (b) and paragraph 5 for the same product. Such measures shall contain clear elements progressively leading to their elimination at the end of the set period, at the latest, and shall not be taken for a period exceeding two years.

In very exceptional circumstances, measures may be extended for a further period of maximum two years. No bilateral safeguard measure shall be applied to the import of a product that has previously been subject to such a measure for a period of time equal to that during which such measure had been previously applied, provided that the period of non-application is at least, two years since the expiry of the measure

If the Interim Committee or the exporting Party has not taken a decision putting an end to the problems, or no other satisfactory solution has been reached within 30 days of the matter being referred to the Interim Committee, the importing Party may adopt the appropriate measures to remedy the problem in accordance with this Article. In the selection of safeguard measures, priority must be given to those which least disturb the functioning of the arrangements established in this Agreement. Safeguard measures applied in accordance with Article XIX GATT 1994 and the WTO Agreement on Safeguards shall preserve the level/margin of preference granted under this Agreement.

- (b) Where exceptional and critical circumstances requiring immediate action make prior information or examination, as the case may be, impossible, the Party concerned may, in the situations specified in this Article, apply forthwith provisional measures necessary to deal with the situation and shall inform the other Party immediately thereof.

The safeguard measures shall be notified immediately to the Interim Committee and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their abolition as soon as circumstances permit.

6.  - (b) re-export to a third country of a product against which the exporting Party maintains quantitative export restrictions, export duties or measures or charges

having equivalent effect, and where the situations referred to above give rise, or are likely to give rise to major difficulties for the exporting Party

that Party may take appropriate measures under the conditions and in accordance with the procedures laid down in this Article.

2. In the selection of measures, priority must be given to those which least disturb the functioning of the arrangements in this Agreement. Such measures shall not be applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination where the same conditions prevail, or a disguised restriction on trade and shall be eliminated when the conditions no longer justify their maintenance.
3. Before taking the measures provided for in paragraph 1 or, as soon as possible in cases to which paragraph 4 applies, the Community or Serbia, shall supply the Interim Committee with all relevant information, with a view to seeking a solution acceptable to the Parties. The Parties within the Interim Committee may agree on any means needed to put an end to the difficulties. If no agreement is reached within 30 days of the matter being referred to the Interim Committee, the exporting Party may apply measures under this Article on the exportation of the product concerned.
4. Where exceptional and critical circumstances requiring immediate action make prior information or examination, as the case may be, impossible, the Community or Serbia may apply forthwith the precautionary measures necessary to deal with the situation and shall inform the other Party immediately thereof.
5. Any measures applied pursuant to this Article shall be immediately notified to the Interim Committee and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their elimination as soon as circumstances permit.

Such prohibitions or restrictions shall not, however, constitute a means of arbitrary discrimination or a disguised restriction on trade between the Parties.

ARTICLE 31
(SAA Article 46)
Failure to provide administrative co-operation

1. The Parties agree that administrative co-operation is essential for the implementation and the control of the preferential treatment granted under this Title and underline their commitment to combat irregularities and fraud in customs and related matters.

2. Where a Party has made a finding, on the basis of objective information, of a failure to provide administrative co-operation and/or of irregularities or fraud under this Title, the Party concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned in accordance with this Article.

3 For the purpose of this Article a failure to provide administrative co-operation shall mean, *inter alia*:

- a) a repeated failure to respect the obligations to verify the originating status of the product(s) concerned;
- b) a repeated refusal or undue delay in carrying out and/or communicating the results of subsequent verification of the proof of origin;
- c) a repeated refusal or undue delay in obtaining authorisation to conduct administrative co-operation missions to verify the authenticity of documents or accuracy of information relevant to the granting of the preferential treatment in question.

For the purpose of this Article a finding of irregularities or fraud may be made, *inter alia*, where there is a rapid increase, without satisfactory explanation, in imports of goods exceeding the usual level of production and export capacity of the other Party, that is linked to objective information concerning irregularities or fraud.

4. The application of a temporary suspension shall be subject to the following conditions :

- a) The Party which has made a finding, on the basis of objective information, of a failure to provide administrative co-operation and/or of irregularities or fraud shall without undue delay notify the Interim Committee of its finding together with the objective information and enter into consultations within the Interim Committee, on the basis of all relevant information and objective findings, with a view to reaching a solution acceptable to both Parties.

- b) Where the Parties have entered into consultations within the Interim Committee as above and have failed to agree on an acceptable solution within three months following the notification, the Party concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned. A temporary suspension shall be notified to the Interim Committee without undue delay.
- c) Temporary suspensions under this Article shall be limited to that necessary to protect the financial interests of the Party concerned. They shall not exceed a period of six months, which may be renewed. Temporary suspensions shall be notified immediately after their adoption to the Interim Committee. They shall be subject to periodic consultations within the Interim Committee in particular with a view to their termination as soon as the conditions for their application are no longer given.

5. At the same time as the notification to the Interim Committee under paragraph 4a) of this Article, the Party concerned should publish a notice to importers in its Official Journal. The notice to importers should indicate for the product concerned that there is a finding, on the basis of objective information, of a failure to provide administrative co-operation and/or of irregularities or fraud.

ARTICLE 32
(SAA Article 47)

In case of error by the competent authorities in the proper management of the preferential system at export, and in particular in the application of the provisions of Protocol 3 to the present Agreement where this error leads to consequences in terms of import duties, the contracting Party facing such consequences may request Interim Committee to examine the possibilities of adopting all appropriate measures with a view to resolving the situation.

ARTICLE 33

2. Where one or more Member States or Serbia is in serious balance of payments difficulties, or under imminent threat thereof, the Community or Serbia, as the case may be, may, in accordance with the conditions established under the WTO Agreement, adopt restrictive measures, including measures relating to imports, which shall be of limited duration and may not go beyond what is strictly necessary to remedy the balance of payments situation. The Community or Serbia, as the case may be, shall inform the other Party forthwith.

3. Any restrictive measures shall not apply to transfers related to investment and in particular to the repatriation of amounts invested or reinvested or any kind of revenues stemming therefrom.

ARTICLE 37
(SAA Article 71)

The provisions of this Agreement shall not prejudice the application by either Party of any measure necessary to prevent the circumvention of its measures concerning third-country access to its market through the provisions of this Agreement.

ARTICLE 38
(SAA Article 73)

Competition and other economic provisions

1. The following are incompatible with the proper functioning of this Agreement, insofar as they may affect trade between the Community and Serbia:
 - (i) all Agreements between undertakings, decisions by associations of undertakings and concerted practices between undertakings which have as their object or effect the prevention, restriction or distortion of competition;
 - (ii) abuse by one or more undertakings of a dominant position in the territories of the Community or Serbia as a whole or in a substantial part thereof;

- (iii) any State aid which distorts or threatens to distort competition by favouring certain undertakings or certain products.
2. Any practices contrary to this Article shall be assessed on the basis of criteria arising from the application of the competition rules applicable in the Community, in particular from Articles 81, 82, 86 and 87 of the Treaty establishing the European Community (hereinafter referred to as "EC Treaty") and interpretative instruments adopted by the Community institutions.
 3. The Parties shall ensure that an operationally independent authority is entrusted with the powers necessary for the full application of paragraph 1 (i) and (ii) of this Article, regarding private and public undertakings and undertakings to which special rights have been granted.
 4. Serbia shall establish an operationally independent authority which is entrusted with the powers necessary for the full application of paragraph 1 (iii) within one year from the date of entry into force of this Agreement. This authority shall have, *inter alia*, the powers to authorise State aid schemes and individual aid grants in conformity with paragraph 2, as well as the powers to order the recovery of State aid that has been unlawfully granted.
 5. The Community on one side and Serbia on the other side shall ensure transparency in the area of State aid, 'inter alia' by providing to the other Parties a regular annual report, or equivalent, following the methodology and the presentation of the Community survey on State aid. Upon request by one Party, the other Party shall provide information on particular individual cases of public aid.
 6. Serbia shall establish a comprehensive inventory of aid schemes instituted before the establishment of the authority referred to in paragraph 4 and shall align such aid schemes with the criteria referred to in paragraph 2 within a period of no more than four years from the entry into force of this Agreement.
 7. (a) For the purposes of applying the provisions of paragraph 1(iii), the Parties recognise that during the first five years after the entry into force of this Agreement, any public aid granted by Serbia shall be assessed taking into account the fact that Serbia shall be regarded as an area identical to those areas of the Community described in Article 87(3) (a) of the EC Treaty.

(b) Within four years from the entry into force of this Agreement, Serbia shall submit to the European Commission its GDP per capita figures harmonised at NUTS II level. The authority referred to in paragraph 4 and the European Commission shall then jointly evaluate the eligibility of the regions of Serbia as well as the maximum aid intensities in relation thereto in order to draw up the regional aid map on the basis of the relevant Community guidelines.
 8. As appropriate, Protocol 4 establishes the rules on state aid in the steel industry. This protocol establishes the rules applicable in the event restructuring aid is granted to the steel industry. It would stress the exceptional character of such aid and the fact that the aid would be limited in time and would be linked to capacity reductions within the framework of feasibility programmes.
 9. With regard to products referred to in Chapter II of Title II:

- (a) paragraph 1 (iii) shall not apply;
 - (b) any practices contrary to paragraph 1(i) shall be assessed according to the criteria established by the Community on the basis of Articles 36 and 37 of the EC Treaty and specific Community instruments adopted on this basis.
10. If one of the Parties considers that a particular practice is incompatible with the terms of paragraph 1 , it may take appropriate measures after consultation within the Interim Committee or after thirty working days following referral for such consultation. Nothing in this Article shall prejudice or affect in any way the taking, by the Community or Serbia, of countervailing measures in accordance with the GATT 1994 and the WTO Agreement on Subsidies and Countervailing Measures and the respective related internal legislation.

ARTICLE 39
(SAA Article 74)
Public undertakings

By the end of the third year following the entry into force of this Agreement, Serbia shall apply to public undertakings and undertakings to which special and exclusive rights have been granted the principles set out in the EC Treaty, with particular reference to Article 86.

Special rights of public undertakings during the transitional period shall not include the possibility to impose quantitative restrictions or measures having an equivalent effect on imports from the Community into Serbia.

ARTICLE 40
(SAA Article 75)
Intellectual, industrial and commercial property

1. Pursuant to the provisions of this Article and Annex VI, the Parties confirm the importance that they attach to ensuring adequate and effective protection and enforcement of intellectual, industrial and commercial property rights.
2. From the entry into force of this Agreement, the Parties shall grant to each others companies and nationals, in respect of the recognition and protection of intellectual, industrial and commercial property, treatment no less favourable than that granted by them to any third country under bilateral Agreements.
3. Serbia shall take the necessary measures in order to guarantee no later than five years after entry into force of this Agreement a level of protection of intellectual, industrial and commercial property rights similar to that existing in the Community, including effective means of enforcing such rights.
4. Serbia undertakes to accede, within the period referred above, to the multilateral conventions on intellectual, industrial and commercial property rights referred to in Annex VI. The Interim Committee may decide to oblige Serbia to accede to specific multilateral Conventions in this area.

5. If problems in the area of intellectual, industrial and commercial property affecting trading conditions occur, they shall be referred urgently to the Interim Committee, at the request of either Party, with a view to reaching mutually satisfactory solutions.

ARTICLE 41
(SAA Article 99)
Customs

The Parties shall establish cooperation in this area with a view to guarantee compliance with the provisions to be adopted in the area of trade and to achieve the approximation of the customs systems of Serbia to that of the Community, thereby helping to pave the way for the liberalisation measures planned under this Agreement and for the gradual approximation of the Serbian customs legislation to the *acquis*.

Cooperation shall take due account of priority areas related to the Community *acquis* in the field of customs.

The rules on mutual administrative assistance between the Parties in the customs field are laid down in Protocol 5.

ARTICLE 47
(SAA Article 127)

Nothing in this Agreement shall prevent a Party from taking any measures:

- (a) which it considers necessary to prevent the disclosure of information contrary to its essential security interests;
- (b) which relate to the production of, or trade in, arms, munitions or war materials or to research, development or production indispensable for defence purposes, provided that such measures do not impair the conditions of competition in respect of products not intended for specifically military purposes;
- (c) which it considers essential to its own security in the event of serious internal disturbances affecting the maintenance of law and order, in time of war or serious international tension constituting threat of war or in order to carry out obligations it has accepted for the purpose of maintaining peace and international security.

ARTICLE 48
(SAA Article 128)

1. In the fields covered by this Agreement and without prejudice to any special provisions contained therein:
 - (a) the arrangements applied by Serbia in respect of the Community shall not give rise to any discrimination between the Member States, their nationals, companies or firms;
 - (b) the arrangements applied by the Community in respect of Serbia shall not give rise to any discrimination between nationals of Serbia as well as between Serbian companies or firms.
2. The provisions of paragraph 1 shall be without prejudice to the right of the Parties to apply the relevant provisions of their fiscal legislation to taxpayers who are not in identical situations as regards their place of residence.

(SAA Article 129)

1. The Parties shall take any general or specific measures required to fulfil their obligations under this Agreement. They shall ensure that the objectives set out in this Agreement are attained.
2. The Parties agree to consult promptly through appropriate channels at the request of either Party to discuss any matter concerning the interpretation or implementation of this Agreement and other relevant aspects of the relations between the Parties.
3. Each Party shall refer to the Interim Committee any dispute relating to the application or interpretation of this Agreement. In that case, Article 50 and, as the case may be, Protocol 6 shall apply.

The Interim Committee may settle the dispute by means of a binding decision.

4. If either Party considers that the other Party has failed to fulfil an obligation under this Agreement, it may take appropriate measures. Before so doing, except in cases of special urgency, it shall supply the Interim Committee with all relevant information required for a thorough examination of the situation with a view to seeking a solution acceptable to the Parties.

In the selection of measures, priority must be given to those which least disturb the functioning of this Agreement. These measures shall be notified immediately to the Interim Committee and shall be the subject of consultations if the other Party so requests within the Interim Committee or any other body set up on the basis of Article 46.

5. The provisions of paragraphs 2, 3 and 4 shall in no way affect and are without prejudice to Articles 17, 25, 26, 27, 31 and Protocol 3 (Definition of the concept of originating products and methods of administrative cooperation).

ARTICLE 50
(SAA Article 130)

1. When a dispute arises between the Parties concerning the interpretation or the implementation of this Agreement, any Party shall notify to the other Party and the Interim Committee a formal request that the matter in dispute be resolved.

Where a Party considers that a measure adopted by the other Party, or a failure of the other Party to act, constitutes a breach of its obligations under this Agreement, the formal request that the dispute be resolved shall give the reasons for this opinion and indicate, as the case may be, that the Party may adopt measures as provided for in Article 49, paragraph 4.

2. The Parties shall endeavour to resolve the dispute by entering into good faith consultations within the Interim Committee and other bodies as provided in paragraph 3, with the aim of reaching as soon as possible a mutually acceptable solution.
3. The Parties shall provide the Interim Committee with all relevant information required for a thorough examination of the situation.

As long as the dispute is not resolved, it shall be discussed at every meeting of the Interim Committee, unless the arbitration procedure as provided for in Protocol 6 has been initiated. A dispute shall be deemed to be resolved when the Interim Committee has taken a binding decision to settle the matter as provided for in Article 49, paragraph 3, or when it has declared that there is no dispute anymore.

Consultations on a dispute can also be held at any meeting of the Interim Committee or any other relevant committee or body set up on the basis of Article 45, as agreed between the Parties or at the request of any of the Parties. Consultations may also be held in writing.

All information disclosed during the consultations shall remain confidential.

4. For matters within the scope of application of Protocol 6, any Party may submit the matter in dispute for settlement through arbitration in accordance with that Protocol, when the Parties have failed to resolve the dispute within two months after the initiation of the dispute settlement procedure in accordance with paragraph 1.

ARTICLE 51
(SAA Article 131)

This Agreement shall not, until equivalent rights for individuals and economic operators have been achieved under this Agreement, affect rights ensured to them through existing Agreements binding one or more Member States, on the one hand, and Serbia, on the other.

Such Convention should aim gradually to align bilateral relations between Serbia and that country to the relevant part of the relations between the Community and its Member States and that country.
2. Serbia shall start negotiations with Turkey which has established a customs union with the Community with a view to concluding, on a mutually advantageous basis, an Agreement establishing a free trade area between the two Parties in accordance with Article XXIV of the GATT 1994.
