COMMISSION OF THE EUROPEAN COMMUNITIES

COM(80) 158 final.

Brussels, 2 April 1980

Proposal for a
COUNCIL REGULATION (EEC)
amending Regulation (EEC) No 337/79 on the common organization of
the market in wine

(submitted to the Council by the Commission)

COM(80) 158 final.

EXPLANATORY MEMORANDUM

The object of this proposal for a Council Regulation is to add certain provisions to Regulation (EEC) No 337/79 on the common organization of the market in wine which have become necessary by the accession of Greece.

In the course of the negotiations, the question as to whether "retsina" wine fell within the common organization of the market in wine had arisen. The Community stated that it would examine in a positive spirit the Greek request for resinated wines to be subject to Community provisions concerning wines, with the necessary arrangements to be made between now and Accession.

As a result of this examination, the specific rules governing these products need to be defined and, in particular, the oenological practices permitted and the prohibition on coupage with other wines. These rules are the subject of the amendments proposed in Articles 43, 46 and in Annexes III and V to Regulation 337/79.

Moreover, it is necessary to specify in Article 30c(1) that the figures relating to changes in vineyards communicated annually by Member States must be distinguished according to the "nomoi" with regard to Greece.

Proposal for
COUNCIL REGULATION (EEC)

amending Regulation (EEC) No 337/79 on
the common organization of the market
in wine

Having regard to the Treaty establishing the European Economic Community,
and in particular Article 43 thereof,

Having regard to the proposal from the Commission,

Whereas resinated wines ("retsina") must be made subject to the same customs
and economic arrangements as table wines in order to establish fair condi-
tions of competition; whereas it is appropriate to clarify the definitions
of products falling within heading 22.05 of the Common Customs Tariff,
