1. CONTEXT OF THE PROPOSAL

• Reasons for and objectives of the proposal

The proposal covers:

- The ceiling amount of the contributions for 2023;
- The annual amount of the contributions for 2022;
- The amount of the first instalment of the contribution for 2022;
- Non-binding forecast for the expected annual amounts of contributions for the years 2024 and 2025.

The 11th European Development Fund and other European Development Fund ('EDF') funds that are still open (that is to say the Ninth and 10th EDF) are managed under the following set of rules:

- (a) the current Partnership Agreement between the members of the African, Caribbean and Pacific (ACP) Group of States on one side, and the European Community and its Member States on the other side (the 'ACP-EU Partnership Agreement') as last amended¹;
- (b) Decision No 2/2020² of the ACP-EU Committee of Ambassadors of 4 December 2020 to amend Decision No 3/2019³ of the ACP-EU Committee of Ambassadors to adopt transitional measures pursuant to Article 95(4) of the ACP-EU Partnership Agreement to further extend the application of the provisions of the ACP-EU Partnership Agreement until 30 November 2021, or until the entry into force of a new ACP-EU Agreement ('the new Agreement'), or the provisional application between the Union and the ACP States of the new Agreement, whichever comes first;
- (c) Council Decision (EU) 2020/2233 concerning the commitment of the funds stemming from reflows under the ACP Investment Facility from operations under the 9th, 10th and 11th European Development Funds⁴;
- (d) The Internal Agreement between the Representatives of the Governments of the Member States of the European Union, meeting within the Council, on the financing of European Union aid under the multiannual financial framework for the period 2014 to 2020, in accordance with the ACP-EU Partnership Agreement and on the allocation of financial assistance for the Overseas Countries and Territories to which Part Four of the Treaty on the Functioning of the European Union applies⁵ (the 11th EDF 'Internal Agreement');

The documents referred to in points (a) to (e) contain multi-annual commitments by the parties to support the EDF treasury financially. The 11th EDF Financial Regulation provides for regular contributions to be made by the parties to the EDF treasury against pre-determined financial commitments. Regular contributions are triggered by technical Council Decisions that reflect the implementation of financial commitments previously decided.

Some of the headings in the explanatory memorandum are therefore not applicable to regular contribution calls such as this one.
