Proposal for a

COUNCIL DECISION

on the signing, on behalf of the European Union, of the Agreement between the European Union and Iceland on supplementary rules in relation to the instrument for financial support for border management and visa policy, as part of the Integrated Border Management Fund

EXPLANATORY MEMORANDUM

In June 2018, the Commission brought forward a proposal for a Regulation of the European Parliament and of the Council establishing, as part of the Integrated Border Management Fund, the instrument for financial support for border management and visa [COM(2018/473)].

Regulation (EU) 2021/1148 of the European Parliament and of the Council establishing the Instrument for Financial Support for Border Management and Visa Policy for the period 2021-2027 (hereinafter referred to as ‘the Regulation on the Border Management and Visa Instrument (BMVI Regulation)’) was adopted on 7 July 2021.

The purpose of the BMVI Regulation is to express solidarity through financing assistance to those (Member) States that apply the Schengen acquis provisions on external borders. It constitutes a development of the Schengen acquis to which the countries associated to the implementation, application and further development of the Schengen acquis participate (‘Schengen associated countries’ or ‘associated countries’).

The Commission also brought forward a proposal [COM(2018) 375] to establish a framework of common provisions applicable to seven shared management funds, including the BMVI. Regulation (EU) 2021/1060 (hereafter ‘the Common Provisions Regulation’) was adopted on 24 June 2021.

Iceland notified on 1 September 2021 its decision to accept the content of the BMVI Regulation and to implement it in its internal legal order. The Commission presents the present proposal prior to having received the notification of Iceland on fulfilment of its constitutional requirements to avoid shortening the time of the actual application of the BMVI Regulation in Iceland. In line with recital 75 of the BMVI Regulation, the conclusion of such arrangement should take place after the country concerned has informed in writing of the fulfilment of all its internal requirements.

Paragraph 6 of Article 7 of the BMVI Regulation provides that ‘arrangements’ should be made to specify the nature and modes of the participation in the BMVI of countries associated with the implementation, application and development of the Schengen acquis, in accordance with the relevant provisions of the respective association agreements. These arrangements take the form of agreements concluded by the Union with the Schengen associated countries in accordance with Article 216 TFEU.

The agreements should also define the financial contribution from these countries to the Union budget for the BMVI. The financial contributions should be calculated in accordance with each associated country’s gross domestic product as a percentage of the gross domestic product of all participating states.

By virtue of the Schengen association agreements, the associated countries must fully accept the Union measures, including the BMVI Regulation, which develop or build upon the Schengen acquis.

The Union budget allocated to the BMVI should be implemented in accordance with Regulation (EU, Euratom) 2018/1046 (hereafter ‘the Financial Regulation’). Schengen associated countries must also take the necessary measures to ensure compliance with the provisions relevant for the financial management and control which are laid down in the TFEU and in Union law that derives its legal basis from the TFEU.

Insofar as the Common Provisions Regulation is concerned, not all of its provisions and Annexes are relevant to the BMVI. Moreover, the application of principles laid down in some provisions of the Common Provisions Regulation needs to be adjusted to reflect the status of Schengen associated countries.

The agreements also introduce specific mechanisms for swift adjustments to the agreements, in the event of changes to key Union legislation relevant to the implementation, such as the Financial Regulation and the Common Provisions Regulation.

The agreements should ensure that the mid-term review of the BMVI takes into account the delayed participation of the Schengen associated countries.

For budgetary and financial controls, the Member States are subject to horizontal obligations (e.g. the competence of the Court of Auditors, of the European Anti-Fraud Office (OLAF), of the EPPO and of the Commission), either derived from the Treaty directly or from secondary Union legislation, including the Common Provisions Regulation as mentioned above. These obligations apply to the Member States ipso facto and are therefore not laid down in the BMVI Regulation. Consequently, these obligations need to be extended to the associated countries via the Agreement concerned by the present proposal.

The agreements also contain a provision on European Travel Information and Authorisation System (ETIAS). This is necessary in view of Article 86 of Regulation (EU) 2018/1240 of the European Parliament and of the Council of 12 September 2018 establishing a European Travel Information and Authorisation System (ETIAS) and amending Regulations (EU) No 1077/2011, (EU) No 515/2014, (EU) 2016/399, (EU) 2016/1624 and (EU) 2017/2226, which specifies that any remaining revenue generated by the ETIAS after covering the costs of its operation and maintenance will be assigned to the Union budget. To apply Article 86 of Regulation (EU) 2018/1240 in an equitable manner to all participating States to that Regulation, the associated countries' contribution to the thematic facility of the Instrument should be proportionally reduced if and when remaining revenue is assigned to the Union budget.

The Union should conclude agreements with each of the four Schengen associated countries. This proposal concerns the agreement with Iceland.

1. CONTEXT OF THE PROPOSAL

• Reasons for and objectives of the proposal

The purpose of this proposal is the signature of an agreement between the Union and Iceland on this country's contribution to the instrument for financial support for Border Management and Visa Policy for the period 2021-2027 and on the supplementary rules necessary for this participation. It concerns the third generation of this kind of arrangement.

• Consistency with existing policy provisions in the policy area

Not applicable.

• Consistency with other Union policies

Not applicable.

2. LEGAL BASIS, SUBSIDIARITY AND PROPORTIONALITY

• Legal basis

The present proposal for the signature of the Agreement is based on Articles 77(2) and 218(5) of the Treaty on the Functioning of the European Union.

- **Subsidiarity (for non-exclusive competence)**

In accordance with Article 3(2) of the Treaty on the Functioning of the European Union and as referred to in Article 7(6) of Regulation (EU) No 2021/1148, the proposal falls within exclusive competence of the Union and thus the subsidiarity principle does not apply.

- **Proportionality**

This proposal is necessary in order to implement the requirement enshrined in Article 7(6) of Regulation (EU) No 2021/1148 whereby arrangements shall be made with countries associated with the implementation, application and development of the Schengen *acquis* in order to specify the nature and modes of their participation in the Instrument for Financial Support for Border Management and Visa, as part of the Integrated Border Management Fund.

- **Choice of the instrument**

Not applicable.

3. RESULTS OF EX-POST EVALUATIONS, STAKEHOLDER CONSULTATIONS AND IMPACT ASSESSMENTS

- **Ex-post evaluations/fitness checks of existing legislation**

Not applicable.

- **Stakeholder consultations**

Not applicable.

- **Collection and use of expertise**

Not applicable.

- **Impact assessment**

Not applicable, considering that the proposal is linked to the programme management and aims at signing an international agreement, which was negotiated on the basis of the negotiating directives established by the Council. Iceland will follow the rules defined in the Regulation establishing the Instrument for Financial Support for Border Management and Visa Policy, and the applicable articles of the Common Provisions Regulation and the Financial Regulation similarly as EU Member States.

- **Regulatory fitness and simplification**

Not applicable.

- **Fundamental rights**

Not applicable.

4. BUDGETARY IMPLICATIONS

Article 10 and the Annex of the draft Agreement describe the provisions related to the annual financial contributions of the associated country to the budget of the Integrated Border Management Fund.

5. OTHER ELEMENTS

- **Implementation plans and monitoring, evaluation and reporting arrangements**

All monitoring, reporting, performance and evaluation requirements set in the Regulation (EU) 2021/1048 (will) apply to Iceland.

- **Explanatory documents (for directives)**

Not applicable.

- **Detailed explanation of the specific provisions of the proposal**

Not needed.

In light of the abovementioned considerations, the Commission proposes that the Council decides that the Agreement be signed on behalf of the Union and authorise the President of the Council to appoint the person(s) duly empowered to sign on behalf of the Union.

The Commission has made a separate proposal for a Council Decision on the conclusion of the attached Agreement between the European Union and Iceland on supplementary rules in relation to the instrument for financial support for border management and visa policy, as part of the Integrated Border Management Fund, for the period 2021 to 2027¹. The Council shall adopt this Decision after obtaining the consent of the European Parliament.

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 77(2), in conjunction with Article 218(5) thereof,

The negotiations with Iceland were successfully concluded by the initialling of the Agreement on 14 February 2023.
- (2) Regulation (EU) 2021/1148 builds upon the Schengen *acquis*, and Denmark, in accordance with Article 4 of Protocol No 22 on the position of Denmark, annexed to the Treaty on European Union and the Treaty on the Functioning of the European Union, has decided to implement that Regulation in its national law. In accordance with Articles 1 and 2 of Protocol No 22, Denmark is not taking part in the adoption of this Decision and is not bound by it or subject to its application.
- (3) This Decision constitutes a development of the provisions of the Schengen *acquis* in which Ireland does not take part, in accordance with Council Decision 2002/192/EC⁴. Ireland is therefore not taking part in the adoption of this Decision and is not bound by it or subject to its application.
